ARIGATAI Foundation

Vol. IV, No. 3

April 2020

We are re-branding

Dear sponsors and friends of the Foundation,

The **WSKF USA® Foundation** has filed an alternate denomination with The State of New Jersey and will now operate legally as **The ARIGATAI Foundation**, still true to our mission of supporting the development of Olympic karate, but opening our doors to other organizations and worthy social causes, always in the best spirit of Bushido.

We will continue to research and publish on the topic of fundraising, but, again, opening new windows of opportunity like our Zoom Video Conference on **Crisis Management** held last Monday, March 30th, for guests from Ireland, Spain and Italy, as well as from Texas, Florida and New York. This was an effort to lend a hand in times of need. And we are available for those who may require our humble assistance or orientation.

We have already adjusted our social media accounts, but some changes will come more slowly as we await the expiration of our domain, for instance. The **WSKF USA®** brand has been transferred to the Vice-President of the worldwide organization to be managed under martial orientation.

"ARIGATAI" (有難い) means **"grateful"** in Japanese, and that is what we are, grateful to our donors and sponsors for their support.

Best regards, stay safe.

Francisco J. Quevedo
